Dedication

We, the Senior Class of 1965, proudly dedicate this Annual to the Community of Mindoro. We are grateful to have had the opportunity of growing up in a Community which has such high regard for the education of its children. Thank you Mindoro.

H. N. NEWMAN

Principal's Message

This issue of "Coulee Echoes" with its story of life in Mindoro High School is a treasure chest for the class of 1965. It will preserve the record of cherished memories and friendships of your high school days, so that you may relive them in reminiscence in future years.

It is the hope of the faculty that you have, as a student, through these four years, prepared yourselves as fully as possible to make your choice as to your life's work. You may feel that your contribution in this complex world may be insignificant, since you are only one; but you ARE ONE and it is of the "ones" that the population of the world is composed.

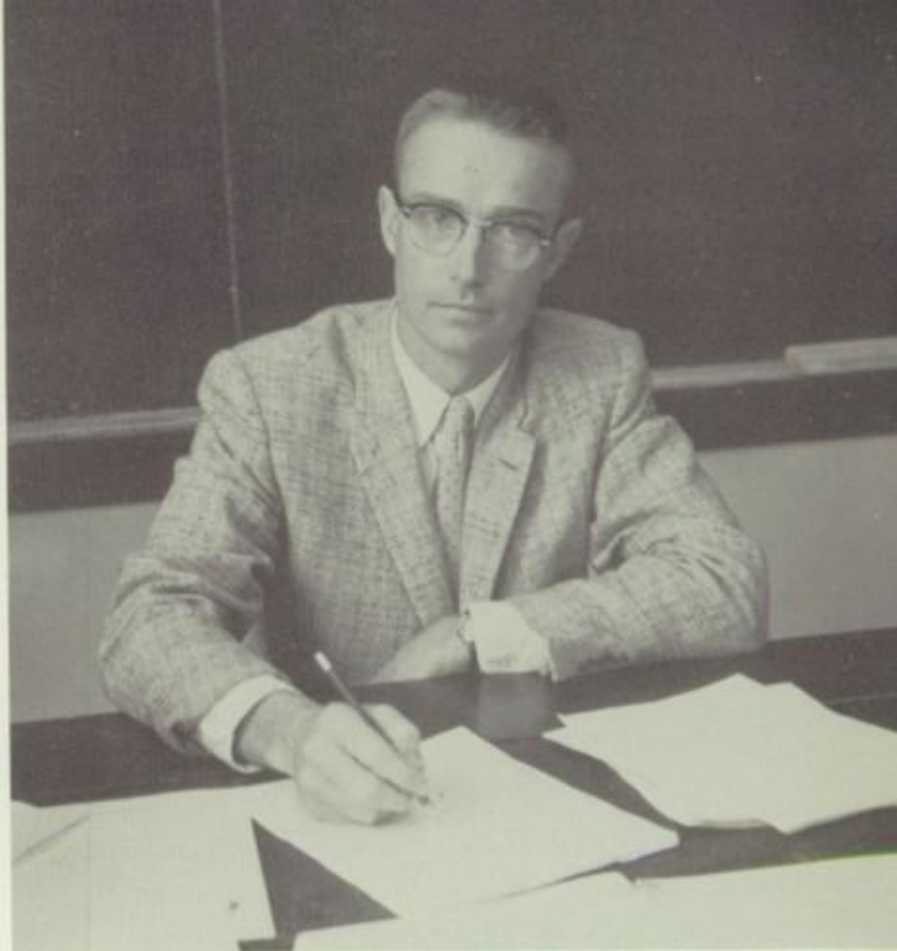

The purpose of high school training is to expose young people to as many activities as possible along with their academic training, so that they may be worthy citizens of this community or wherever they may be.

My very best wishes go with each of you in whatever may be your chosen line of work.

Mindoro High

We like to think of M.H.S. as an important part of Mindoro. As in previous years, the high school students have taken part in all phases of community life. They can be found anywhere from relaxing at a local hangout to working for various drives and organizations. At the same time the rest of the community reflects the spirit of Mindoro High School by supporting its athletic events, dramatic presentations, band concerts and other programs. If in anyway this yearbook can bring to mind the pleasures of our high school years both within the school and around Mindoro, the Coulee Echo Staff will have accomplished its purpose.

Football is a wonderful builder of character and desirable qualities. To cooperate, to block for a teammate who may score, self-sacrifice for the good of the team, determination and hard work, are qualities which are gained from participation.

We are proud to have had two players, Richard Kastenschmidt and Richard Sacia, receive honorable mention from the Coulee Conference coaches.
